REPRODUCTION

Semen Waiver & Release of Liability

Please read the following carefully and sign the appropriate areas.

Equine semen orders that need shipping must be placed at least **7 business days** before the estimated date of insemination or the date delivery is required. Orders picked up at our clinic need at least **48 hours' notice**.

For all shipments from Horizon Equine Veterinary Clinic, please allow ample travel time to avoid unforeseen shipping delays.

Name

I, the person named above, agree to hold Horizon Equine Veterinary Clinic Ltd. blameless for any shipping delays or complications. I understand that once the shipment leaves Horizon Equine Veterinary Clinic, the clinic is no longer liable for the shipment or its contents. I understand that the parties that arranged shipment, if other than Horizon Equine Veterinary Clinic, must be contacted with any questions or concerns.

Please read, initial and sign the following.

Horizon Equine Veterinary Clinic requires a valid credit card on file, and payment before orders are shipped or picked up, for all equine semen orders. This includes, but is not limited to, receiving, dispensing, handling, tank charging, shipping charges, tank rentals, customs fees and any other fees associated with equine semen orders. I understand and accept that payment is required before orders can be processed. Initials

I understand that there are inherent risks of loss or damage when handling fresh and frozen equine semen, and that even when all proper handling procedures are followed by trained staff, semen can be damaged or lost. Initials

No shipment in a tank rented from Horizon Equine Veterinary Clinic will be sent in a dry shipper tank that does not meet Horizon Equine's quality assurance standards. I am aware that all shipper tanks are dry shippers that do not contain liquid nitrogen. All tanks rented from Horizon Equine are tested and rated for their lifespan, and all tanks are guaranteed for 10 days. Initials

Horizon Equine Veterinary Clinic does not complete quality assurance on any frozen semen, and the semen is of the same quality when placed in the shipper tank as it was in the storage tank. Initials

I agree to hold harmless Horizon Equine Veterinary Clinic Ltd. and all its agents against any loss, damage or delays when processing orders of equine semen. Initials

This waiver covers current and future orders of equine semen with Horizon Equine Veterinary Clinic Ltd. Initials

Horizon Equine Veterinary Clinic recommends that a qualified veterinarian evaluate semen quality before insemination and advise whether to use it. Initials

I have read, understood and acknowledged all the above statements.

INSURANCE

All insurance for the shipment, other than the declared value with the courier, is the responsibility of the owner of the shipment. I understand it is my responsibility to arrange any insurance on this shipment if desired.

Insurance company and policy number (if applicable)

ACKNOWLEDGEMENT

I understand that the date of arrival listed above is approximate only. Holidays, weekends and unforeseen shipping issues can affect shipping dates, and international (cross-border) shipments may be delayed by customs and held for an undetermined time before clearing. If any of the information above is missing, the delivery time of my shipment may be affected. There is no refund for shipping costs billed by the courier company.

I hold harmless Horizon Equine Veterinary Clinic Ltd. and all its agents against any loss, damage or delays to the shipment listed above. Any loss, damage or delay claims must be submitted to the shipping carrier responsible for transporting the shipment. Because Horizon Equine Veterinary Clinic cannot control how items are handled after they leave our facility, signing this waiver releases Horizon Equine Veterinary Clinic Ltd. from any damage, loss or delays during shipping.

I have read, understood and acknowledged all the above statements.
